NOVEMBER 11 AND THE FORGOTTEN MAN

This paper will support editorially the Democratic ticket of Roosevelt and Garner in the coming presidential campaign. We shall, however, welcome the views of our readers and our columns are open to any honest opinions.

The tickets have been named now and those who would have preferred Davies or Coolidge or Borah to Hoover or those who have preferred Baker, Ritchie, Byrd to Roosevelt must forget their pre-convention wishes and support the nominees.

The Times-Virginian is dry. With all its short-comings, we are not willing to pledge our selves to repeal of the eighteenth amendment. Therefore, we shall support the Democratic platform because of its superlative economic declarations and because taken as a whole it is one of the most clear-cut and constructive documents ever to come from the maze of a convention, and because we see in the prohibition plank merely an avenue for the people in the states to express themselves once and for all upon whether or not the eighth amendment should be repealed, in order to get a mandate from the people, some one must propose a repeal amendment. That's the only way true democracy can operate. The Democratic party has offered that course and its fearlessness in so doing is commendable. Locally he Democrats of this section will remain largely dry. The nation will never allow the open saloon again.

The clamor call to the voters of America is for economic rehabilitation. The manhood and womanhood of America must be economically secured. The age of favoritism and class legislation must end.

"The Forgotten Man"—you and I—must no longer be crushed between the upper and nether millstones of high tariff corruption and financial drubbery. The Forgotten Man must be called from his struggle in poverty and unemployment and given a chance to turn the sweat of his brow into the toil of his mind into a fair living wage.

The Forgotten Farmer, the Forgotten clerk, the Forgotten mill-worker, the Forgotten store-keeper, the Forgotten small business, the Forgotten local industry, all must be gathered into the benevolent arms of opportunity and fair play. The Democratic party promises no miracles, no instantaneous recovery but the party of Jefferson,

Wilson, Bryan and now of Roosevelt, is the party of the people and time-honored protector of their interests. We invite and challenge these forgotten masses to speak up on November 11 and register the dawn of a new day for the nation. Since 1920 the masses have been crushed while capital has cavorted on a merry-go-round of million-dollar profits. The people must be restored to power.

This paper does not and will not use its columns to condemn the collective conduct of Herbert Hoover as president. Hoover, the man, has fought a brave and lonely battle and as an individual he has been sincere and honest. But his party is the party of favoritism and class. His party has brought on adversity by atrocious tariff laws, straddling of issues and nonchalance in the face of depression. His party must be succeeded by a party of liberal progress and fearlessness in so doing is commendable. The issue is economic. The slogan must be "Roosevelt and the Forgotten Man."
